Committee Hearing Of Divorce Evil Begins

Attorney Frank Stuart is Only Witness Appearing Before Committee—Rooming House Keepers All Absent

ABSENTEE SHARPLY CRITICIZED

Purpose of Investigation as Announced is to Ascertain Real Facts and to Hear Any and All Testimony Offered Regardless of It's Relevancy to The Divorce Problem—Stuart Makes Charges Against Judge Moncure Who Is Represented at Hearing by Counsel.

The committee of seven members of the Alexandria Bar Association began its open sessions in the corporation courtroom this morning. Chairman J. Randall Caton, of the subcommittee which has been examining teh court records of divorces granted during Judge Robinson Moncure's term on the bench made a supplemental report covering certain cases in which the records were missing when the previous report was made. Mr. Caton stated that of the thirteen cases in which he had reported papers missing, all papers had been located except in seven cases, six of which were handled by Davis & Budwesky and one by Charles Henry Smith. Mr. Carlin reported that the two cases reported by him were still missing, and Mr. Smith reported that in all cases reported by him the papers had been located.

The secretary stated that he had received a letter from Harvey L. Cobb, Washington newspaper reporter, who had been requested to give the committee the benefit of any knowledge he might nave of the divorce conditions. The letter, which was read, stated that Mr. Cobb did not believe the committee was sincere in its efforts to get all the facts in the alleged divorce evil; that he declined to appear before the committee and be a party to its "whitewashing" of the conditions, and that if the case were presented to a grand jury he would gladly appear before such grand jury and produce witnesses to prove his allegations.

J. Randall Caton, secretary of the committee, addressed the meeting and denounced Mr. Cobb as a liar and a coward. He said that about two weeks ago he had had a talk with Mr. Cobb and had called his attention to misstatements made in newspaper articles, which Mr. Cobb had promised tc oorrect, but had failed to do so, and had later reiterated those same misstatements.

Frank Stuart asked permission to address the meeting, and defended Mr. Cobb. Mr. Stuart said he had inaugurated this investigation, not as a probe into divorce conditions, of which he knew very little outside the records of the court, but in order to present to the legislature of Virginia certain charges against Judge Moncure.

James R. Caton, Sr., also sharply criticised Mr. Cobb for his attitude, stating that the latter had made charges reflecting upon the integrity of the Alexandria bar and the judge of the Corporation Court, and that in his opinion he should appear before the committee and offer evidence in substantiation of his charges.

Judge Norton objected to irrelevant issues being iniected into the proceedings, and asked that the regular order be taken up, and that the committee hear any witnesses who might be present on the matter of the divorce question.

ARMY AIR CHIEF BLAMES WRECK ON THE RUDDER

General Patrick Bases Opinion on Testimony of Eyewitnesses

BOARD IS SECRET

Air Officers State Fire Did not Start Until Roma Hit Electric Wires Five Points Established

Norfolk, Va., Feb. 23.—A statement by Major General Mason M. Patrick, head of the Army Air Service, that he believed the destruction of the airship Roma was due to an accident to the controls regulating the altitude of the craft stood out last night as the only official statement from any of those investigating the accident which caused the death of 34 persons Tuesday, the injury of 8 others and the demolition of the world's largest semi-rigid airship.

Meanwhile the army board of investigators, called into session yesterday, continued its hearings tonight behind closed doors. None of the proceedings were allowed to seep out of the quarters occupied by the board.

General Patrick expressed his opinion on the basis of testimony he had heard thus far and substantiated statements previously made unofficially by survivors of the wreck that the elevating rudder, a contrivance resembling the wings of an airplane and attached to the stern of the Roma, buckled and fell forward, forcing the craft into a nose dive, which ended when she crashed into a high-power electric transmission line, causing the fire, and burned with the greater number of the crew and passengers pinned beneath.

General Patrick left last night for Washington. Colonel A. E. Fisher, commandant of the army air station at Langley Field, assisted General Patrick in the investigation.

The actual cause of the fire is not regarded as of supreme importance, for, according to Colonel Fisher, the wrecked dirigible would have burned, even if it had not come in contact with the wires. When the nose of the airship crashed against the ground the big gasoline tanks burst and an inflammable liquid streamed over the wreckage, feeding the flames that had started when the canvas bag of the craft struck against the electric wires.

"If there had been no blaze before the Roma crashed to the ground," Colonel Fisher declared, "the men trapped under the steel and canvas of the ship's rigging doubtless would have been burned to death anyway, for the gasoline that poured out of the tanks over the wreckage would have ignited from the engines."

Only a tangled mass of what was once the steel framework of the proud queen of the army air fleet remained tonight to mark the spot at the Hampton Roads army base, where the Roma fell. Meanwhile at Newport News, where the dead were taken, relatives and friends arrived to identify the bodies and make arrangements for having them removed to their homes for burial.

It was reiterated by army officers that there twas no explosion or fire while the Roma was in the air. General Patrick, who came here by airplane from Washington immediately upon being advised of the accident, declared there had been none, adding that the fire and resultant explosion were caused by the high tension electric wires which the Roma struck when it plunged to earth. In his statement, General Patrick said:

"From the testimony I have heard so far it: sindicated that thedisaster was due to an accident to the controls regulating the altitude of the Roma. The ship came down, striking high-tension electric wires, which caused the fire. There was no explosion and no fire while the ship was in the air."

RICHMOND LOSES MEDICAL SCHOOL

Senate Fights For 9 Hours—Vote is Taken at 1 A. M. Yesterday

Both Floor and Gallery of Senate Chamber was Packed by Supporters and Opponents of Measure

Richmond, Feb. 23.—Merger of the two medical schools in Virginia was killed early yesterday morning when the Senate, by a vote of 24 to 16, defeated the bill authorizing the University of Virginia to take over the property of the Medical College of Virginia, contingent on the establishment of the consolidated institution in Richmond The vote came at 1 a. m., after the Senate had been in session, with the exception of two recesses, from noon yesterday.

The dicussion of the medical merger bill brought one of the liveiest debate in the Senate in recent years. During the entire nine hours both floor and gallery of the Senate chamber were jammed with interested men and women, including many distinguished men in political and professional life.

Despite the trip of the General Assembly to Norfolk today, all efforts to force an adjournment with-

(Continued on page three)

IN CONGRESS YESTERDAY

HOUSE

Met at noon and adjourned at 3.20 p. m. until noon today.

Representative Appleby, of New Jersey, introduced a bill creating a new division of the United States bureau of education, to be known as the Federal motion picture commission, and defining its powers and duties.

The bill provided for censorship of all films and also authorizes inquiries and research into the recreational and educational possibilities of motion pictures and the dissemination of such information to the public.

Representative Lampert, of Wisconsin, chairman of the District of Columbia sub-committee which has been holding hearings on a pure milk bill for the District, announced that the subcommittee, which already has heard milk distributers, will begin hearing the producers Tuesday.

The soldier bonus subcommittee of the ways and means committee reached no conclusion at its first session to discuss the manner of raising the necessary revenue.

Vigorous opposition is developing against the manufacturers' sales tax, and opponents of that form of levy will center all of their inuence to force a separate vote on the tax feature when the bonus bill finally comes up for passage in the House.

Modifications to "clear the intent of the offer" mad by Henry Ford for purchase and lease of the government's properties at Muscle Shoals, Ala., have been agreed to by the Detroit manufacturer.

The modifications, explained by W. B. Mayo, chief engineer for Mr. Ford, on his return from a conference in Detroit with his chief, provide for incorporation in the Ford contract now before Congress of a definite guarantee for the production of a fixed minimum amount of finished fertilizers and a clause setting forth a fixed capitalization for the operating company to be created in the event Congress accept, the proposal to lease the projects to Ford for 100 years.

The appropriations committee reported a bill, carrying appropriations aggregating $25,330,000 for the support of the Departments of Commerce and Labor during the fiscal year beginning July 1 next. The amount recommended is $2,288,000 more than the amount appropriated for the current year and $4,309,000 less than the estimates.

SENATE

Met at noon and adjourned at 4:50 p. m. until noon today.

On motion of Majority Leader Lodge, the treaty between the United States and Japan relative to the island of Yap was taken up as in open executive session for consideration.

Senator France (Republican), Maryland, at once moved that it be recommitted to the committee, but the

GERMAN FUTURE TOO UNCERTAIN FOR PROPHESIES

Leaders of Nation Are Doubtful as to Future Developments

MILITARISM IS DEAD

Plots Against Entente and Restoration of Autocracy Are Questions no Longer Existing.

Berlin, Feb. 23.—No honest minded person with any knowledge of the facts will venture a prediction about Germany. It would be so foolish to attempt it. Next week your prophecy may look silly. The situation is full of possibilities so fraught with peril and so likely to shift overnight that no man in Berlin, among those best qualified to express an opinion, is entirely sure in what direction Germany is headed or where she finally will land. Absolute conviction about her ultimate destination is singularly lacking.

If ,as economists everywhere agree, the key to Europe's rehabilitation lies in the lap of Germany, there is some risk that the key may be lost and the door remain locked. There are, of course, plenty of people who have an abiding faith in the fundamental strength and character of the German people and who believe that in the long run their industry, common sense and docility will re-establish the nation on a sound basis and solve its serious problems.

This does not mean to say that this faith is not justified. It is probable that it is, but it certainly is true that many thoughtful men in Germany see in the situation elements which make all calculation uncertain, and they do not hesitate to recognize the possibilities of catastrophe. One of the biggest men in Berlin said: "We live here between strikes and swiftly pass from one crisis to another."

As things stand today there are some questions about Germany that can be answered with decision and others which cannot

For instance, Germany is certainly

YOUNG WOMAN IS FATALLY INJURED BY CAR

Miss Elsie Baggett Dies Half an Hour Afterward

INQUEST TONIGHT

Machine Was Driven by Edward S. Morgan of 123 South Pitt Street This City

Miss Elsie Baggett, twenty-one years old, daughter of Mrs Mamie Baggett, of Manassas, Va., at 5 o'clock yesterday afternoon while crossing at King and Pitt streets was struck by an automobile driven by Edward S. Morgan, of 123 South Pitt street, employed as a millworker in Washington, and fatally injured.

Immediately following the accident Morgan picked up the young woman and rushed her to the Alexandria Hospital and Dr. S. B. Moore was summoned. Miss Baggett received internal injuries and died half an hour afterward.

At the time Miss Baggett was on her way from work, she being employed at Woolworth's store on King street.

The mother of the young woman was notified and arrived here late last night. Miss Baggett made her home in this city with her aunt, Mrs. G. Benjamin Beach, 310 North Royal street.

The case was investigated by Police Sergeant William Campbell and Policeman Joseph R. Nowland, and Morgan was detained at police headquarters pending the outcome of the coroner's inquest which will be held at 8 o'clock tonight at Wheatley's mortuary Chapel.

In the police court this morning Justice Duvall postponed an investigation of the case pending the outcome of the coroner's probe tonight.

A coroner's jury summoned by Dr. T. M. Jones met last night and viewed the body at Wheatley's chapel and was adjourned till 8 o'clock tonight when testimony will be heard.

According to Morgan he was traveling south on Pitt street and the young woman came from behind a car which was parked alongside the curb at the corner of King and Pitt streets and he said that before he realized it she was up against the radiator of his car with her hands up, she being in the act of crossing at King and Pitt streets, going in an easterly direction at the time.

Morgan claims that at the time his car was traveling at a reduced rate of speed. Andrew Cheshire was in the car with him at the time.

The jury is composed of M. P. Pitts, foreman; John M. Reed, Warren M. Peake, John McCuen, John H. Fisher, D. R. Stansbury.

The car was a new Chevrolet car.

News of the sad accident was received with regret by the young lady's associates at the store where she was employed, a number of whom called at the undertaking chapel last night.

ASBURY S CELEBRATE

Bible Class Hold Second Annual Banquet, Also Honors Washington

Honorable J. Fred Birrell was the principal speaker at the second annual banquet of the Asbury Bible Class of Trinity M. E. Church which was held in the Sunday school room of that church last night.

After the weekly prayer service the members of the class and their guests assembled in the Sunday school room of the church and were served an excellent feast which had been prepared by the ladies of the Helping Hand Society.

Invocation was pronounced by the pastor, the Rev. Dr. D. H. Martin, and all those present "fell-to" with a right good will.

"George Washington—the Man and the Christian" was the subject of Mr. Birrell's talk. He vividly pictured the life of this American of Americans and pointed out the examples he has set which might be followed to advantage by members of the present-day generation. This address was a source of pleasure and benefit for all present.

Among the others who made short talks were: Mr. C. N. Bond, assistant teacher of the class; Mr. Meyer, of Washington; Mr. J. H. Bartlett and Mr. Chas. Pierpont, of this city. All these talks were greatly enjoyed by the assembled students of the Bible.

The room was decorated appropriately for the occasion and each plate was set with a miniature hatchet which bore the inscription "I can not tell a lie."

Thet menu served was: Fruits, olives, celery, cold ham, potato salad, rolls, coffee and ice cream and cake.

A rising vote of thanks was given the ladies and others who in any way assisted in making the banquet a success.

WASHINGTON DAY BY DAY

Washington, Feb. 23.—Republican members of the House attached to the Ways and Means Committee, are as far apart on any plan which means appropriating for money to provide the bonus as they were when the particular agitation started.

A sub-committee of the Ways and Means Committee has striven day and night with the hope that it could formulate a plan to bring about the sufficient amount of money to take care of the demands from those who are insisting that a bonus bill must pass the present session of congress.

Despite the pressure brought to bear by the commander of the American legion by name MacNider, who insists that bonus legislation shall be enacted at the earliest possible moment—The White House is inclined to believe that the American Legion, and not its sponsor is held responsible for any declaration of policy which the former soldiers in the world may determine.

Hanaford MacNider, commander of the American Legion took it upon himself to address a rather insulting and suggestive message to the President bearing upon the bonus legislation now pending in Congress. At the White House today it was said while President Harding would not care to enter into a discussion of the merits of the bonus plan he may feel called upon to reply to the rather suggestive and threatening attitude of the American Legion as voiced in the message sent to the White House by MacNider. Veterans of the world war who served in France and who have received recognition for such service are inclined to condemn the rather imperialistic attitude assumed by the commander of the American Legion in his message to the President of the United States. At the White House the consensus of opinion is, there should be no controversy with a particular member of a prop aganda whether it means bonus for soldiers or whether it means the contrary.

President Harding has not framed any opinions to commander MacNider. His close advisers have told him that he had best left any reply to a simple acknowledgment of the message sent by the Commander of the American Legion. It is known that the White House feels rather sore on receipt of the message from

Kiwanis Luncheon

The Kiwanis Club held its weekly luncheon this afternoon in the Westminster building. The gathering was addressed by the editor of The Gazette. Boost prizes were delivered by Rev. Dr. E. V. Regester and J. Y. Williams, president. A large number of members attended.

RAIL AND MINE WORKERS PLAN COOPERATION

Resolutions Adopted Declaring Mutuality of Interests Must be Recognized

LEWIS SEEKING AID

Sympathetic Strike Not Expected—Proceed With Plans For Walkout April 1

Chicago, Feb. 23.—Miners and railroad labor heads, in conference here yesterday adopted resolutions calling for closer co-operation between the two groups of labor and declaring that the mutuality of their interests must be recognized.

An executive committee, composed of the chief executives of the several organizations, was named to conduct the business of the associated groups

This is not regarded by either the miners' leaders or the chiefs of the railroad labor organizations as laying the foundation for a sympathetic strike of the railroad men if the miners go out on April 1.

When one group is under attack the others are to consider the situation, but any proposed action is subject to the approval of each organization represented in the conference. That means varying degrees of indirect support from the groups of rail road men to the miners.

President John L. Lewis, of the United Mine Workers, who presided at the conference, is reported to have told the railroad men that he was seeking aid, but not a sympathetic strike. And extreme care to avoid committing the railroad men to any definite course of action appears throughout the resolutions

Specifically with reference to aid to a group under attack, and, generally as to the whole plan, it is stated that the approval of each organization must be had. There are 16 railroad organizations.

But while nothing was done that would lead to calling out the railroad men on April 1, the resolutions do bring the miners and railroad men into more intimate association. And, conceivably, they pave the way for the gradual evolution of a compact fighting force.

The conviction that the transportation and mining groups are bearing the brunt of the attacks of employers may force the two big groups together, just as it has led to today's expression of moral support for the miners.

With this sort of aid from the railroad men, President Lewis and the other leaders of the miners are planning today for the strike Whether that will come as the result of a referendum of the miners, or whether it will come through the simple dropping of picks by miners in the soft coal fields—and possibly in the hard coal fields—on April 1, is not clear. But that it will come in one way or the other is practically certain.

Added to the equivocal reply made yesterday by the Illinois operators

(Continued on page three)

Rallies Citizens To City's Proud Colors

President W. A. Smoot of Chamber of Commerce Asks Cooperation of All Loyal Citizens in Advertising Alexandria

NATIONAL PUBLICITY EDITION

The Gazette, In Its Monster National Publicity Edition Will Spread The Tidings of Alexandria's Advantages Broadcast Throughout the Land—Wonderfully Prosperous Country Whose Trade is Rightfully Ours Will be Reached For the First Time.

RALLIES CITIZENS TO CITY'S PROUD COLORS

Chamber of Commerce President, W. A. Smoot, believes that all loyally should come to the front and heartily suport and cooperate with The Gazete in making the "NATIONAL public spirited citizens of Alexandria PUBLICITY EDITION" a substantial sucess.

President Smoot said:

"I feel that we are at a period in our municipal existence that by the proper co-operation and adequate advertising we can bring an era of prosperity and great development. By exercise of the western spirit of get together and pull together in intelligent co-ordination, we should expect to add thousands of new citizens in the next five years.

I frankly say that as the plan and scope of "THE NATIONAL PUBLICITY EDITION," has been explained to me, the paper should be the harbinger of a very pronounced development here and unusal activity.

Alexandria needs intelligent, truthful publicity It need not be overdrawn. The plain truth is good enough. We are richly endowed in the possession of unusual advantages, exceptionally and solidly anchored financially, and blessed with transportation facilties not surpassed in the East.

Many of our citizens have become so used to these enjoyable privileges that they forget they are blessings unique and distinctive, and that we should herald them to the outside world and invite them to come and share with us. We can make Alexandria one of the larger manufacturing centers of the east and get and hold our rightful shopping trade from the wonderfully prosperous country surrounding us on all sides. I personally request that our citizens embrace this opportunity to fire the shot of publicity that will be heard from coast to coast and in every village and hamlet in Alexandria's trading territory, in this to-be-widely circulated special number of The Alexandria Gazette, which has faithfully served the best interest of this community for over a century."

Big Edition Assured

The Gazettes representatives are rapidly approaching the city's business men and explaining the plan and scope of the edition and have met with naught but success and encouragement in all quarters.

It seems asured that the edition will be one of the largest and finest ever put out by any paper in Virginia with the possible exception of the larger papers of Richmond.

Now let us all put our shoulders to the wheel and push for Alexandria, the manufacturing city, the jobbing center, the shopping district for thousands of our country friends and then reap the reward that is justly ours.

MASONS CLOSE CONVENTION WITH ELECTION

Twelfth Annual Meeting Most Successful In History

$125,000 FOUNDATION

Now Expected That Cornerstone May Be Laid October 1 Instead of November 4.

The twelfth annual session of the George Washington Masonic National Memorial Association came to a close yesterday afternoon with the annual election of officers. The convention was regarded as one of t he most successful in the history of the association, and the delegates attending expressed themselves as highly pleased with the marked progress of the collection of the fund made during the past year.

As heretofore stated, the date for the laying of the cornerstone of the temple is left entirely in the hands of the board of governors. The first tentative date suggested for this work was November 4, which would mark the entrance of Washington into Freemasonry. It was stated, however, today by Charles H. Callahan, that the date probably will be changed and it may be that the cornerstone of the temple will be laid October 1 next.

The association has appropriated the sum of $125,000 for laying the foundation of the temple and other preliminary work. Some slight changes are to be made in connection with the front of the proposed temple.

Boring and soundings will be made at George Washington Park within the next three weeks by the engineers, D. J. Howell & Son of Alexandria.

The officers chosen to serve for the ensuing two years follow: Louis A. Watres. Pennsylvania, president; James R. Johnson, South Carolina, first vice president; James E. Dillon, Michigan, second vice president; Harry G. Noyes. New Hampshire, third vice president: J. J. Cattron, Utah, fourth vice president: J. Claude Keiper, District of Columbia, secretary.

The following were elected directors: Melvin M. Johnson, Massachusetts; Charles H. Callahan, Alexandria, Va.; W. S. Farmer, New York; George L. Schoonover, Iowa; Walter L. Stockwell, North Dakota; Andrew L. Randell, Texas; Louis A. Watres, Pennsylvania. Trustees, Lawrence H. Lee, Alabama; John H. Cowles, Kentucky; R. T. W. Duke, Jr., James H. Price and Charles H. Callahan, Virginia.

Practically all of the delegates who attended the convention left either last night or this morning for their homes.

C. E. SOCIETY MEETS SATURDAY

In Session Two Days in Westminster Building

Complete Program Announced For Each Day's Session of Northern Virginia Gathering

The Christian Endeavor Society of Northern Virginia district will be held in the auditorium of the Westminster building Saturday and Sunday. At 2 o'clock Saturday afternoon there will be registration and assignment of delegates. The program for the remainder of the afternoon follows: At 3 p. m., song service; 3:15 p. m., invocation by Rev. Dr. John Lee Allison; 3:20 p. m., special music; 3:25 p. m., address of welcame by J. B. Fowler, vice president of the local society; 3:30 p. m., convention given over to Frank P. Wilson, field secretary; 4 p. m., special group conferences, which will conclude the first session.

At 6 o'clock supper will be served. Malcolm Brenner will be toastmaster, and addresses will be made by Frank P. Wilson, Rev. Dr. John Lee Allison, Rev. Mr. Goods and others as called upon.

Services at night will be held in the Second Presbyterian Church and open at 8 o'clock with song service. The re-

PROFESSIONAL WITNESSES

It seems from the recent report of the sub-committee of the Bar Association, that there has been an unduly large number of local witnesses in the divorce proceedings instituted in Alexandria. One witness testified in 144 out of 807 cases; another in 27 cases; others in 21, 11, and 9 each, respectively; while no less than thirty-seven resident witnesses testified as to residence two or more times.

Our Court of Appeals has held that the question of residence is one of intention. When a person swears that he intends Alexandria as a place of residence, and that it is his bona fide intention to remain here indefinitely, it is a difficult matter to confute him. Only by proof of acts inconsistent with such intentions can this be done. For instance, if the deponent actually spends no time in Alexandria, or very little, or if he has a residence elsewhere and a place of business, or if the facts tend to show that his main purpose is to secure a divorce, the bona fides of his residence is thereby impeached. The suggested change in the law, now in force here as a rule of court, provides for the appointment of a guardian ad litem, that is, a guardian for the suit only, whose duty it is to enquire into this very matter. This will unquestionably go far towards a remedy.

The witnesses as to residence in Alexandria, while in a number of instances keepers of lodging and boarding houses, have for the most part been those with only a room or two for rent. It would seem that many of them have catered to this divorce traffic that has sprung up in our midst. They have apparently not expected their lodgers to occupy the room rented, except infrequently, if at all, and then only upon previous notice of the particular day or night of its use. So long as a year's rent has been paid in advance, they seem to have been willing to testify under oath that their lodger had resided with them continuously for one year and had no present intention of moving away. Some have waited for a year to elapse from the date of the first payment, while others have not been so exacting, and have satisfied their conscience with a matter of a few months or even a few days. But the main thing seems to have been the actual receipt of a year's rental, cash in hand.

Some of these professional witnesses, as is natural in a small town, number several lawyers among their acquaintances. With an eye to business they have apparently suggested to these legal friends that they had an idle room or two, and if the latter had clients who might be looking for a domicile in Alexandria, they would appreciate any custom coming their way. In a town of this size it does not take long for it to become known that Mrs. X, or Mrs. Y, or Mrs. Z, keeps a rooming house—"divorce seekers a specialty," and that the good lady is not meticulous as to her requirements for residence. Persons coming from Washington are generally posted beforehand as to the technical requirements of the divorce law, and as they are simpler and easier than in other states, especially in the District of Columbia, they look for domiciles where the required testimony will be furnished with the room—one year's rent in advance.

Having arranged this little matter they have then, may be, consulted an Alexandria attorney with the year's rent receipt in their hand. This then resolves itself into whether or not their intention is one of good faith. And, as stated, this is a matter difficult to disprove.

There must be a remedy, however, and we have no doubt it will be found.

So much for the witnesses who have been to blame for the monstrous growth of the divorce evil in our midst.

The part played by the attorneys will be discussed later. The point made here is that some of those who have been the loudest in their outcry as to divorce in Alexandria are among the profiteers in that very business.

There are some eighteen thousand people who claim Alexandria as their home. Thus far at most a dozen or two have been connected with the procuring of divorces here, if we except the lodging house keepers who have served as witnesses in two or more cases.

There is no doubt that one of the resultant effects of the world-war has been a general laxity as to the marriage tie all over Europe and the United States. ThatAlexandria has been unduly burdened with far more than her share of the seekers for release from the bonds of matrimony, is due to her proximity to the nation's capital as well as the looseness of the Virginia divorce laws.

COMICS AND PICTURES

The Gazette has secured one of the brightest of the comic serials now running in the newspapers, entitled "On the 5:15," and it will appear daily in its columns. It has also arranged for the daily appearance of "Abe Martin," whose quaint, hayseed comments on current events are of universal enjoyment, and which James Whitcomb Riley considered to be the quintessence of American humor. The pictorial news appearing from day to day is fresh and pertinent and the same as is printed in many of the great dailies of the large cities..

James M. Cox Joins In Wilson Tribute

Many Other Prominent People Subscribe to Fund

New York, Feb. 21.—More than $500,000 was raised in the first month of the nation-wide movement to establish the Woodrow Wilson Foundation, Franklin D. Roosevelt, chairman of the national committee, announced here today.

Partial reports from the State chairmen of the movement, based on the returns up to February 15, just a month from the opening of the active campaign, showed that more than one-half of the minimum goal had been attained, Mr. Roosevelt said. Although the campaign is actively under way in every State in the country, many of the State chairmen were unable as yet to estimate the amounts raised in their States toward the fund of $1,000,000 or more to endow the Woodrow Wilson awards.

"The response to the appeal throughout the country has been wonderful," Mr. Roosevelt said. "When one considers that the half million dollars raised in the first month represents a vast number of small contributions, the result is remarkable. These contributions, coming in the most part from persons of very moderate means, indicate the faith of the donors in the principles that Mr. Wilson upheld and a desire to honor a great American for the ideals for which he stood.

"In the proportion of its quota raised, North Carolina leads the country. Mrs. Josephus Daniels, the chairman, reports that 71 per cent of the amount assigned to the State has been raised, and the contributions are still coming in steadily.

Oklahoma and the District of Columbia ,each of which ha sraised about two-thirds of its quota, stand second and third. Eight other States have finished at least half their work. They are Minnesota, Tennessee, Delaware, Kentucky, Connecticut, New Jersey, Oregon and Wisconsin. And in the remaining States that have reported the movement is progressing rapidly.

"Delaware made the greatest percentage increase in the past week. From a record of 52 per cent, that State jumped to 60 per cent Wisconsin sent word through its chairman, Karl Mathie, that about $8,000 has been contributed there.

"Nebraska reporte dthat in Omaha alone over a third of that State's quota has been raised. J. Lionberger Davis of St. Louis, telegraphed that in that city and Kansas City $15,000 had been subscribed.

"In point of actual money raised, New York State is, of course, in the lead."

From Ohio it was reported that the campaign is going well under the direction of Newton D. Baker, former Secretary of War, who has the assistance of James M. Knox, Democratic presidential candidate in the last election. In speaking of the work in his State, Mr. Baker reported:

"I can't remember when there has been anything like it. I don't recall such a tribute from the people to one of their great leaders during his lifetime. Mr. Wilson will honor it the more because the foundation is what it is. It is not a gift for him but a foundation for public service awards."

In some cities in Ohio considerable sums have been raised by "Dollar Days," when large numbers of small contributors brought their free-will offerings to the headquarters of the committees.

In Texas the work was reported as going well, especially in certain counties. Governor Pat M. Neff of that State has endorsed the campaign.

Among the larger New York contributors to the foundation in the past twenty-four hours were Henry Goddard Leach, $500; John Crosby Brown, $100; Mrs. August Lewis, $300; Dr. and Mrs. Elmer A. Sheets, $100; Saul E. Rogers, $100; Thomas E. Rush, $100; George A. Zazriskie, $100; Fred C. Ecker, $100; Josephine W. Kenney, $100; Barron Collier, $100; and Mr. and Mrs. Edward J. Cornish, $100.

New York offices where contributions are now being received are at national headquarters, 150 Nassau street, fifth floor; women's committee headquarters, 126 East 59th street; and Manhattan headquarters, 17 East 42nd street, room 504.

VIRGINIA FARM SALES

Increased activity in the market for Virginia farm lands is reported by the E. A. Strout Farm Agency. Inc., in a statement just issued showing that it sold 41 farms in this state last year, a gain of nearly 100 per cent over 1920.

It is a striking fact during the year 1921 when the public generally supposed the farm business was on the toboggan, this agency did a greater business than ever before in its 21 years of selling farms and records total transfers as 5,114 farms at a total valuation of $20,000,000.

This is attributed by E. A. Strout, President of the Strout Agency, Inc., to the fact that there is an active demand for small general farms producing diversified crops and that the owners of that class are in a pretty comfortable position.

Virginians purchased 9 of the Virginia farms sold by that agency. Of the other buyers 6 came from Pennsylvania, 5 from Illinois, 4 from Michigan, 2, from the District of Columbia and Maryland, and one each from New Jersey, Delaware, Indiana, Georgia, North Carolina, Texas, Tennessee, West Virginia, Colorado and California.

Virginians were also active buyers of farms in other states during the year, 51 seeking new homes elsewhere. Of these, the larger number, 14, went to Maryland, 10 to Florida, and 2 each to New York and New Jersey.

A BILL

To segregate the subjects of taxation as between the State and the localities and to repeal all laws in conflict herewith.

Be it enacted by the General Assembly of Virginia:

1. That all taxable real estate and all taxable tangible personal-property is hereby segregated and made subject to local taxation alone, except the rolling stock of corporations operating railroads by steam.

Insurance Companies, taxable intangible personal property, rolling stock of all corporations operating railroads by steam, money, income and all other classes of property not specifically mentioned in this act, are hereby segregated and made subject to state taxation alone.

3. On or before the first day of February. 19, and as often thereafter as may seem proper, the several cities and towns by their councils and the boards of supervisors shall provide for the assessment and collection of all taxes segregated to them and such cities, towns and counties, are vested with the power to fix the compensation and duties of the commissioners of the revenue and the treasurers holding office in their respective jurisdictions for the services rendered the localities. The said councils and assessment of real estate and tangible personal property and to fix the compensation for the same in their respective jurisdictions.

4. Nothing in this bill shall change the division of inheritance taxes between the state and the localities as is now provided by law, nor to change the method of the assessment of the rolling stock of electric railway companies.

5. Sections 2205 and Section 2206 of the Code of Virginia, Sections 2 and 3 of Chapter 384 of the Acts of 1918, Sections 2 and 3 of Chapter 25 of the Acts of Special Session of 1919, and all Acts or Parts of Acts inconsistent with this act, are hereby repealed.

1922 TO BE RECORDED BREAKER IN ROAD BUIDING.

Washington, Feb.—More than a billion dollars will be spent on city streets and rural highway construction in 1922, according to the latest estimates of highway engineers. Of this, more than $600,000,000 will go for rural highways and the balance for city streets.

Because of the rapid increase in the use of moter vehicles, both for pasenger and freight trancportation, state highway engineers see an economic fallacy in the tendency of some communities to permit the building of what are deadily recognized as temporary pavement types. The day of the gravel and macadam roads for heavy traffic is past, they say. The maintenance expenditures which such roads entail make them, in the long run, far more expensive than the permanent types. In every instance engineers are contending for the best possible type because they realize that high first cost means longer service and, consequently, greater economy.

The Threatened Coal Strike:

It seems to be the general opinion that there will be a coal strike on April first and, without having any special knowledge on the subject, we advise our customers to secure enough coal IMMEDIATELY to carry them through THE REMAINDER OF THIS SEASON.

This advice is intended for the domestic user of coal, but to those using coal for other purposes we advise storing A REASONABLE RESERVE before the increased agitation makes it hard to do this, which is almost sure to happen during next month.

CITY NEWSN BRIEF

The usual prayer meeting will take place at the Annex Memorial tomorrow afternon 8 o'clock.

Samarian Rebek Lodge will hold their regular meet in their hall at the Alexandria National Bank Building, tomorrow evening at 7:30 p. m., a social following.

The Fourth Querly Conference of the Methodist Protestant Church will be held in the lecture room at 8 o'clock tonight A full attendance is requested.

Potomac Lodge Odd Fellows will meet in regular weekly session tomorrow night in Odd Fellows Hall, North Columbus Street.

John D. Normon has sold to J. H. Trimyer lots 44and 45, block 4, George Washington Park. Albert M. Asbury and wife have sold to T. M. Burton house and lot 319 South Patrick street.

Mr. an Mrs. George D. Hopkins left yesterday for Detroit, Mich., from whence they will go to California where they will spend the remainder of the winter.

Mr. and Mrs. Leslie Sharland, the latter formerly Miss Mary Bellew, of Del Ray, are at home with Mrs. W. B. Felton, in Del Ray, after their wedding trip.

The dance given by the Mooseheart Legion last night proved to be a success in every way. A large number of dancers enjoyed the excellent music until a late hour. The hall was decorated for the occasion.

The Relief Truck and Motor Company last night gave a banquet at the company's house which was largely attended. Among those present were a number of out of town speakers.

Mt. Vernon Council, No. 1, D. of A., will hold its regular meeting tonight in its hall on North Pitt street, at which time there will be a class initiation of fifteen. Meeting will be called at 7 p. m., sharp. All members are urged to be present.

Hope Hampton will again be seen in "Star Dust" at the Richmond today. The Secret of the Hills," featuring Antonio Moreno, will be shown at the Ingomar. The Idle Hour has secured a fine collection for its regular weekly all-comedy day.

Invitations have been issued to the graduation from the Department of Music of St. Mary's Academy of Miss Arbutis Reed, which will be held in the auditorium of that institution tomorrow evening at 8 o'clock. An excellent musical program has been arranged.

Mr Broke Howard and his guest, Mr. Sam Hayes, of Newport News, have returned to their studies at the University of Virginia after spending the holiday with Mr. Howard's parents, Mr. and Mrs. T. Clifton Howard, at their home in South Washington street.

Howard Walton Seymore, 2 years old, son of Mr. and Mrs. Walter Seymore, died yesterday at the home of his parents, Ballston, Arlington county. The funeral will be held at 2 o'clock tomorrow afternoon from Beulah Baptist Church and will be conducted by Rev. O. P Lloyd, pastor of the Second Baptist Church, this city.

Alexandria High School will play its last home game against Orange High School in the Armory Hall tomorrow night. Orange has made an enviable record for itself during the season and the High School team is looking fo ra battle royal. A. H. S. will meet the Rockville team in Rockville next Tuesday. February 28, and ends it season in a game with Warrenton High School on the Manassas floor on the night of March 3.

The Alexandria Playground Association wishes to thank the young ladies who sold cherries for the benefit of the Alexandria Playgrounds yesterday. It also wishes to express its thanks to all who in any way helped to make this day the success it has proved to have been. It is announced that the receipts amount to approximately $175. This money wil go far toward the improvement of the present playground and will greatly aid in the establishment of more places of recreation for the younger Alexandrians.

Miss Susie E. Murphy was hostess yesterday afternoon at a beautifully appointed luncheon at her home in King street, when announcement was made of the engagement of Miss Margaret Louise Fuller and Mr. Thomas Bernard Rowen, Jr., of this city. The house was tastefully decorated in cut flowers and ferns for the occasion. With the exception of Miss Fuller's sister, Mrs. Francis Kingsley Davis, the only guests were members of the A. B. X. Club, of Miss Fuller's sister, Mrs. Francis are members, and included the following: Miss Elsie Herfurth, Miss Maida Foster, Miss Alice Bladen, Miss Edith Whitton, Miss Edith Garrett, Miss Willie Fairfax and Miss Alice Whitton. Miss Ruth LeHew and Miss Page Buddin, who are also members of the club, are visiting at this time, in North Carolina. No arrangements have definitely been made for the wedding, although it is expected it will take place in the early summer.

Commercial and Political

THURSDAY, FEB. 24, 1814.

Tuesday last, being the Birthday of Washington, was celebrated in this place in the usual manner, at 12 o'clock, the Washington Society attended by a part of Captain McKnight's Independent Blues, moved in procession to the Presbyterian Church, where an elegant and very interesting Discourse was delivered by Francis S. Key, esq., one of it's Members. A copy of it, we expect to receive for publication.

The celebration of the day, was followed by a splendid Ball.

WASHINGTON DAY BY DAY

(Continued from page one)

MacNidr. Whether President Harding will care to make reply to such a rather insulting message remains to be seen The best judgment in Washington tonight is he will simply acknowledge receipt of the message and will make no comment whatever.

The Congress and the War Department are adverant over the qualifications of "lighter-than-air" machines as a result of the explosion of the Roma at Norfolk. Despite the fact that Congress may not see fit to appropriate any further money for the Air Service so far as it pertains to lighter-than-air machines, army officers conversant with the catastrophe which befell the Roma say that such experiments are inevitible and that the great loss of life which took place on the former Italian balloon cannot be attributed to a single defect in construction of the machinery which guided this greater than air balloon. The argument at the War Department today is, had the Roma been provided with a sufficient amount of Helium gas she would have sailed at her distance to earth without the calamity which occurred at Langley Field. Officers on duty at the War Department conversant with the Air Service say that the collapse of this great lighter-than-air machine will not stop experiment along the same lines.

"Congress may fail to provide any more money for experiments of this kind," said a leading officer Air service of the army today, "but such catastrophe does not indicate we will abolish this particular type of flying vessel if we believe that it will prove sufficiently worthy to counteract any heavier-than-air machines now on the market.

"Congress may not provide any further funds for its experiments in lighter-than-air machines but the army air service—despite this terrible catastrophe at Langley Field—will go on with this experiment profiting by such disaster and gaining knowledge which is bound to come from incidents of the kind."

Isaac Gregg.

ARMY AIR CHIEF BLAMES WRECK ON RUDDER

(Continued from Page One.)

Army officers also emphasized that the rudder had given way and that the fire did not occur until the ship struck the electric wires. Their view was summarized in the following five points:

gave way when she was less than half a mile from where she went down near the army base fire station.

2.That there was no fire on the ship until after the tilt began as a result of the right-hand side of the rudder going into an almost verticle position.

3. That the craft became unmanageable as she swooped over the base reservation, narrowly missing a 150-foot smokestack of the central heating plant.

4. That the immediate cause of the explosion with such force as to wreck the entire craft and set her on fire was contact with a net of 2,200-volt high-power electric wires, less than 100 feet from where the Roma crashed into a pile of debris.

5. That the Liberty motors, which were being tested, were not responsible for the disaster, unless something more tangible should be learned than appeared today.

IN CONGRESS Yesterday

(Continued from Page One.)

motion being held out of order, he gave notice it would be renewed later.

Explaining the treaty, Senator Lodge reviewed the history of the controversy developed over Yap, and declared that the United States secured under the treaty all the rights "we have ever desired."

Senator France declared that ratification of the treaty by a Republican Senate "clearly would be a repudiation of the platform pledges of the Republican party." as "it would do in part what the league of nations would have done entirely."

If this treaty is ratified, Senator France predicted "we are preparing for another war," and said he would convince the American people of the truth of his prophesy "if a subsidized and subservient press will carry the actual facts which will be here presented."

There are five varities of lightning: zigzag, heat, sheet globular and volcanic.

NATAL DAY OF WASHINGTON IS CELEBRATED

Alexandria - Washington Lodge of Masons Hears Noted Speakers

BIG CROWD PRESENT

Stereoptican Lecture Delivered—Several Views of Temple Are Shown—P. E. Clift Presides

The annual celebration of Alexandria-Washington Lodge No. 22, of which lodge George Washington was the first master, was held last night in the Elks' Lodge room and was attended by a large gathering of members and their lady friends and also many of the delegates who attended the twelfth annual session of the George Washington Masonic National Memorial Association, which concluded its anual session here yesterday afternoon.

Percy E. Clift, worshipful master of the local lodge, presided and was toastmaster. During the evening addresses were made by James H. Price, grand master of Masons in Virginia; G. M. Napier, past grand master of Masons in Georgia, and Levin M. Johnson, past grand master of Masons in Massachusetts. Louis A. Watres, president o fthe Memorial Association, who was slated to make a speech, was unable to remain owing to illness, and Andrew L. Randell, past grand master of Masons in Texas, was unable to attend, he also being slated to make an address.

A feature of the celebration was a stereopticon lecture given by S. W. Pitts. Among the pictures shown in connection with the lecture were those of Edmund Randolph. past grand master of Masons in Virginia, who gave the charter to Alexandria Lodge in 1788, naming "George Washington, Esq., later general and commander in chif," as the first or charter master under which the lodge is now working, picture of the first charter of the lodge, Washington, the first master of the lodge, the lodge of today. three different views of the proposed Masonic Temple, picture of Charles H. Callahan, through whose efforts the movement to build the temple was launched. The first and present officers of the Memorial Association. The machine was operated by J. Edward Shinn. Invocation was pronounced by Rev. Dr. John Lee Allison and benediction was given by Rev. J. M. Nourse.

The announcement on the frontice cover of the program set forth that this was the annual celebration of Alexandria-Washington Lodge No. 22, Alexandria, Va., Liberty Lodge, Beverly, Mass., and Constitutional Lodge No. 294. Beverly, England, to commemorate the memory of "our illustrious brother, George Washington.

OFFICERS

Alexandria-Washington Lodge No. 22. A. F. and A. M., 1921-1922:

Wor. Percy Esom Clift. master; Alfred Churchill Moss. senior warden; Thomas Levi Hall. junior warden; Wor. James Edward Shinn, treasurer; Rt. Wor. C. Page Waller, Jr., secretary; Christian Phillips Heishley, senior deacon; Ruben Justice Schooley. junior deacon: Thos. Wilfred Robinson Jr.. senior steward; John Thornton Ashton. junior steward; Geo. Washington Zacharv. tiler; Rev. John Lee Allison. chanlain; Rev. James M. Nourse, chaplain.

C. E. SOCIETY MEETS SATURDAY

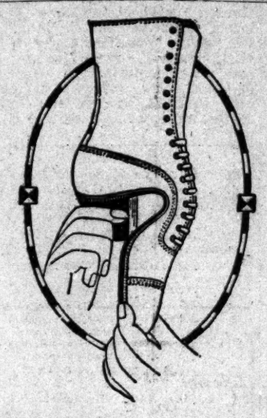
(Continued from Page One.)

mainder of the program follows: Duet by Miss L. C. Smith and Joseph Ford, address by Owen P. Kellar, president of the Alumni Association of Washington, followed at 9 o'clock by the election of officers and Mizpah benediction.

On Sunday the delegates will attend Sunday school of their choice and church services of the denominations of their choice. In the Second Presbyterian Church Rev. Dr. John Lee Allison and Frank P. Wilson will speak.

That afternoon begining at 3 o'clock services will be held in the Westminster building, opening with song service, prayer, music and address by Heber H. Votaw. At 7 o'clock at night the services will be led by the society from the Methodist Protestant Church.

The concluding session of the convention will be held at 7:45 o'clock and include song service by choir and sermon by Rev. Dr. John Lee Allison.



Flexible Arch-Like the Foot

Do you know that the arch of your foot is flexible? It is composed of small bones which flex every step you take. Muscles and ligaments hold the bones in place.

Do you realize that the ordinary shoe has a piece of steel concealed in the arch, making the shoe stiff right at the point where your foot must flex? Weak, or fallen, arches come when the muscles and ligaments fail to hold the arch bones in their normal position.

You can have strong, healthy feet by wearing Cantilever Shoes. They have a flexible arch like your foot. There is no metal in the shank to stiffen the shoe where it ought to flex.

This flexibility permits your muscles to exercise and the blood to circulate properly. Your feet strengthen. You enjoy walking—and you don't mind standing, for the Cantilever Shank supports the foot restfully.

The toes are not crowded. Your posture is good, for the heels are of proper height to be healthful—and stylish! The comfort of Cantilever Shoes is doubly enjoyable because they are good looking and fashionable for daytime or semi-dress occasions.

We are the exclusive agents for Contilever Shoes in Washington.

RAIL AND MINE WORKERS PLAN COOPERATION

(Continued from Page One.)

to Lewis' formal call for a joint conference and to the refusal yesterday of the Western Pennsylvania operators, came today to Lewis a telegram from the Indiana operators that Lewis described as ambiguous.

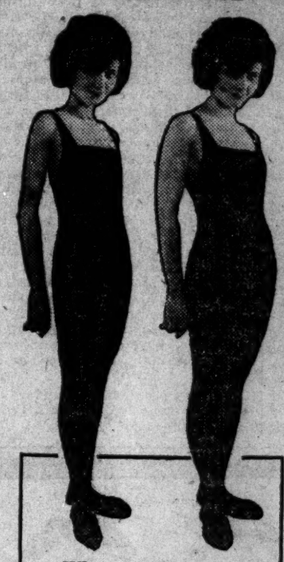
were Senators Cannon, Lois S. Epes, of Nottoway; J. Douglas Mitchell, of King and Queen, and J. M. Parsons, of Grayson.

It stated that the Indiana operators had selected representatives in December and were willing to enter a conference if all the operators in the Central Field did so, but the futility of such a conference had been shown by the miners' convention. Its demands could not be met, the Indiana operators said. This reply leaves only the Ohio operators to be heard from. and reports here last night are that one Ohio association met today and decided not to enter the proposed conference.

No trees are immune from lightning and one kind is struck as often as another.

Free Proof That Ironized Yeast Builds Weight

Beautifies Skin and Gives New Energy To Thin, Run-down Folks



What a Difference!

The above illustrations will give you an idea of what a wonderful improvement an addition of 10 pounds makes in a person's figure. Read how IRONIZED YEAST builds weight.

Do you need more flesh? Are you run-down, pale or scrawny looking? Do you lack energy—or is your skin blemished by humiliating pimples, blackheads or boils? If so, here is good news for you! Simply mail coupon below for the famous Three Day FREE Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise!

Watch the Quick Results!

You simply will not believe your eyes when you see how quickly your skin begins to freshen, and how quickly pimples, etc., begin to disappear. Note the immediate increase in appetite and energy. And as for putting new, hard flesh on your bones—not flabby fat, but good firm flesh—people report gaining five pounds and more on the very first package of IRONIZED YEAST!

Yeast Best With Iron

The reason IRONIZED YEAST brings such splendid results is because it contains a specially cultured medicinal yeast which is unequalled for its richness in the essential Water Soluble B vitamines. Also contains the correct amount of the two other vitamines—Fat Soluble A and Water Soluble C—which are equally important to health, yet lacking in the modern diet.

Vitamines bring fine results even if taken alone—but when taken with a proper amount of easily assimilated organic Iron, as in IRONIZED YEAST, these results are secured *often in just half the usual time!*

Try Ironized Yeast Today

Simply mail coupon for the wonderful Three Day FREE Trial Test. Or go to your druggist and get IRONIZED YEAST on our guarantee that the first package will bring satisfactory results or your money instantly refunded. You will be amazed at the quick improvement IRONIZED YEAST shows in you. Get it today!

WARNING!

There are certain types of yeast which have absolutely no medicinal value. By insisting on IRONIZED YEAST, and refusing cheaper imitations or substitutes, you can be *sure* that you are taking a vitamine tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

51 ***FREE!***

Amazing 3-Day Test

Mail this coupon with your name and address to The Ironized Yeast Company, Atlanta, Ga. By return mail you will receive absolutely FREE our famous 3-Day Trial Treatment. Watch the Results! Dept.

Committee Hearing of Divorce Evil Begins

(Continued from page one)

Rev. Dr. E. V. Regester, pastor of the Southern Methodist Church and a member of the Ministerial Association, was then interrogated, and stated that he and Rev. Dr. Morton, of Christ Church, had been appointed a committee to look into the divorce situation in Alexandria, but that neither he nor Dr. Morton had made any investigation, other than talking with people on the street, and that so far as he knew this was all the association had ever done as an association, except the expressent recently given to the press, which stated that a full and fair investigation should be made of the divorce conditions.

Chairman Smith then asked if there were any attorneys present or represented by counsel, who might wish to be heard during the course of the investigation. It was recorded that Judge Moncure was present and represented by John S. Barbour as his counsel, and Davis & Budwesky were represented by Wilson M. Farr, of Fairfax.

Attorney Frank Stuart was then invited to testify, and he requested that he be allowed to present his testimony in narrative form.

He stated that he had attempted to file with the State Legislature four specific charges against the judge of the Corporation Court: First, his nonenforcement of the divorce laws of Virginia; second, his lack of qualifications, legal and otherwise; third, his political activities and machinations; and fourth, his failure to sustain the dignity of the high office he held, and failure to exact the respect due to that office.

At this point objection was made that Mr. Stuart's statement was not pertinent to the object of the investigation, which was to investigate the alleged divorce evil exclusively. After considerable discussion it was decided to permit Mr. Stuart to make his statement in whatever form he chose, in order to avoid any possible charge that the investigation was not to be sincere and thorough.

Mr. Stuart was still occupied with his statement at the time of going to press.

A. L. I. vs. YANKEES

The old basketball sport is now on the last lap of the '22 season, and will soon give way to the national pastime, "baseball," before the season closes several spectacular contests are scheduled, the first being staged Saturday night, when the local soldier team will meet the Congress Heights Yankees in a return game at Armory Hall. This will be the feature inning of the evening and will be preceeded by a preliminary contest between the local Orioles and the Park View Quint from Washington, two of the best junior basketball teams in the Middle Atlantic States.

On a recent trip to Washington the Yankees defeated the A. L. I. by a score that should be overcome on their court, and the old regulars who know what the soldiers can do predict a close and interesting game. The Yankees have one of the foremost quints of the country, and for a team from a town the size of Alexandria to compete in such high-class company on their own court offers to the public the unusual opportunity of seeing the best in the country perform. The preliminary game starts promptly at 7:15 p. m. and the big contest starts one hour later. Announcement will be made later of a schedule that will complete the season's sport. Don't fail to be on hand to see this evening's entertainment; it will be officiated over by professional officials from Washington, and it is predicted to be one of the best nad most interesting sport contests ever staged in Alexandria.

Seating accommodation for everyone, good time for all and a twin bill for one admission.

GERMAN FUTURE TOO UNCERTAIN FOR PROPHESIES

(Continued from Page One.)

not scheming or planning for another struggle. She is certainly not making any serious attempt to widen the breach between England and France, to alienate Italy from the Allies, to exploit Russia or to placate Belgium. She is certainly not planning to return to militarism or monarchy. She has not framed nor is she framing any sort of aggressive foreign policy. She is neither plotting nor planning for the future.

The truth is that all the energy of Germany's Government, all its thought and all its time are concentrated on the job of keeping its fantastic and frightfully dangerous financial structure from toppling over Let her take her mind off that for a moment and over it goes. It may go over anyway.

Address on Washington

Representative Moore Speaker at K of C., Celebration at Lyceum Hall Last Night

Representative R. Walton Moore last night delivered an interesting address on George Washington at a celebration held in the Lyceum Hall under the auspices of Fitzgerald Council No. 459, Knights of Columbus. Mr. Moore paid a glowing tribute to Washington and his achievements. W. A. DeVaughan, grand knight, presided.

During the evening vocal solos were given by M. E. Greene, H. M. Marsden, and Miss Ruby Davis. Music was furnished by an orchestra.

The affair was concluded with a short address by Rev. Louis Smet.

The Knights of Columbus will celebrate their annual memorial day this coming Sunday, when all the members are requested to attend the 7 o'clock mass at St. Mary's Church in a body. The papers of yesterday and today were in error in reporting memorial mass as having been held yesterday in St. Mary's Church, as this report was based upon the celebration that was held by the Washington Knights of Columbus and not by those of Alexandria. The memorial mass for the Alexandria Knights of Columbus is, as heretofore stated, scheduled for this Sunday.

Costume Ball Success

The "Birthnight Ball" held last night by Mount Vernon Chapter, Daughters of the American Revolution in the auditorium of the Elks' Home was a success from every standpoint. The decorations were in the spirit of the day, flags being artistically draped around the hall. Martha Washington was represented by Mrs. D. Mauchlin Niven, regent of the chapter, and Mr. Niven appeared in a Continental uniform, as George Washington. Among those in colonial costume were Miss Adena Earnest as Nellie Custis, Mrs. Emmett C. Dunn as Betty Lewis, and Mrs. C. William Wattles as Dolly Madison.

Patronesses were Mrs. Niven, Mrs. George Uhler, Mrs. William J. Boothe, Mrs. Charles A. S. Sinclair, Mrs. Henry Starr Wattles, Mrs. John Hunton Foster, Mrs. Thomas W. Robinson, Mrs. Emmett C. Dunn, Mrs. W. Selden Washington and Mrs. R. H. C. Beverly. Mrs. Sinclair served punch, and a committee of members of the chapter served a buffet supper. R. H. C. Beverly was chairman of the music committee and C. William Wattles, of the floor committee.

All flags used in the decoration were from the President's yacht, "The Mayflower."

Richmond—Six firemen were overcome by smoke fumes and forty-five members of Battery A, Virginia Light Field Artillery, were rescued from flames during a fire of undetermined origin at the Howitzers' Armory, North Eighth Street, last night. Thirty-seven horses and mules trapped in the basement of the building, were driven in safety to the street.

MOTHER! MOVE CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry Mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

AMERICAN RELIEF IN RUSSIA

Norfolk, Va., Feb. 23.—"Parents Eat Children in Russia," is the startling headline over an Associated Press Dispatch from Geneva, which says. Famine has reached such a terrible degree in the Orenburg district of Russia that people are killing each other and parents are eating their children, says a telegram received here today from a representative in Moscow of Dr. Fridtof Nansen, head of the International Commitee of Rusian Relief.

The representative's telegram, addressed to the Geneva bureau of the International Committee, was based upon information received from the Russian representative attached to the American Relief Administration at Orenburg.

The following authentic examples, says the telegram, occured in the village of Tuhvalulla Hallin ate the corpse of his brother.

A woman named Tuhvatulla Hallin ate two of her children, and a man named Absam devoured his daughter.

Other cases of cannibalism were reported from the district of Gorchy, near Orenburg, whither people arrived on foot, having walked 200 to 250 versts in order to obtain American aid. (A verst is .66 of a mile.)

"There is nothing that can be said of such a state of affairs other than that it is horrible," said State Chairman Moe Levy, today, "We have no conception—can have no conception—of the terrible famine hunger that drives human beings mad until they become like ravening wolves. There is only one thing to do and that is to send food to these unhappy ones. We can not sit here and sorrow over such affairs. We must do something. Words are chaff in the face of such a calamity. Deeds are the things that count. It is up to us. Now, let us meet the situation. Let us do something and do it NOW!"

COULD HARDLY STAND AT TIMES

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SIBBERT, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

It has done this for many, many women; why not give it a fair trial—now.

FIRST PAVED STRRETS IN UNITED STATES.

Washington, Feb. 23.—Charleston, West Virginia, has the distinction of being the first city in United States to use brick for stret paving. Although brick had been used to pave strets in European countries, principally Holland, for nearly a century, they were not tried in the United States until 1871.

Brick were used in Biblical times. They were used by the Romans. Parts of the famous Chinese wall, still standing, are of brick. Holland has brick streets more than 100 years old.

The state museum at Charleston has on exibition the first brick laid in the street, from which not more than one inch was worn in the generation it served. In 1894 Quarrier street was paved with brick and, although 27 years old, is still in good condition today. The brick were laid on a base of 3 inches of sand, one inch of tar, red oak planks and a second 3 inch layer of sand.

VETERANS BUREAU

Washington, D. C. Feb. 22—The National Association of Manufacturers, an organization with a powerful lobbying bureau here, is active in the fight against the adjusted compensation, or bonus legislation before Congress. It has distributed 100,000 copies of a letter from Secretary Mellon opposing the bill, and has urged its members to go after members of Congress to get them to defeat the bill Answering John E. Adgerton, the president of the Association, who has been directing part of the propoganda, Richmond Seelye Jones. Editor The Stars and Stripes and Junior Vice Commander of the Veterans of Foreign Wars, says:

"Let the American business man who takes the side of the profiteers and their propogandaists take careful note of where he now stands. arrayed against the ex-service men, strongly ensconed behind his wealth, with hired statisticians and lobbyists as his spokesmen.

"Let him be prepared to look an unemployed ex-service man in the eye and say "Not one penny of my war profits goes to pay you a bonus."

"Let him be prepared to look his family and his friends in the eye and say "My money is my money and I propose to keep it, and not let the government tax it away from me to pay the men who fought for my country.

"Let him be prepared to face a widow of one of the 30,000 who sleep in the army cemetaries in France and say "Really it's too bad. but you can't expect my wife to give up her diamonds simply because your husband happened to get in the way of a bullet."

New York, N. Y.—Maine Day Feb, —15, the anniversary of the sinking of the famous battelship at the outset of the Spanish American Wars, an orginization composed of men who have fought on foreign soils for the United States. The organization was started 22 years ago and comprised veterans of many campaigns and services. Special memorial services are to be held in New York, in which the local posts of the V. F. W. will take part.

THE UNITED STATES, GEOGRAPHICALLY

Atlantic coast line is 5,560 miles long.

The Pacific coast line is 2,730 miles long.

The Gulf of Mexico coast line is 3,640 miles long.

The Canadian boundary is 3,898 miles long.

The Mexican boundary is 1,744 miles long.

The land area is 2,973,774 square miles.

The gross area of the United States is 3,026,789 sqquare miles.

The easternmost point is West Quoddy Head, near Easthport, Maine.

The westernmost point is Cape Alva, Wash.

The southernmost point is Cape Sable, Fla., while the Florida Keys extend farther south.

The farthest north point is a small detached land area of northren Minnesota ending in latitude 49 degrees, 23 minutes, and longitude 95 degrees, 9 minutes.

From the easternmost point, West Quoddy Head, due west to the Pacific Ocean the distance is 2,807 miles.

The shortest distance from Atlantic to Pacific, between points near Charleston, S. C., and San Diego Cal., is 2,152 miles.

The water area, exclusive of the Great Lakes, the Atlantic, the Pacific and the Gulf of Mexico within the three-mile limit, is 53,015 square miles.

School Children Throughout Country Aid Wilson Foundation

Colleges Organize Committees of Faculty and Students to Honor Former Teacher

New York Feb. 22.—Thousands of schools throughout the country and hundreds of colleges will take steps this week to participate in the raising of a fund of $1,000,000 or more to endow the Woodrow Wilson Awards for public service. Prof. Stephen P. Duggan of the College of the City of New York, who is at the head of the educational committee of the Woodrow Wilson Foundation said today that great enthusisasm in every state has greeted his invitation to the college and schools to take their place in the nation-wide tribute to "a former great school teacher, who was for eight years president of Princeton Universitу.

A formal appeal has been sent to the schools of higher education inviting their assistance, but the public and private schools of elementary and secondary grade have in a large number of cases offered the services of their teachers and students in the workk. In teaching profession by Thomas W. Churchill, former president of the Board of Education, who is now chairman of the campaign in the city.

Teachers College, New York, was cited by Prof. Duggan as an example of a college from which large numbers of contributions have come.

"The returns already made by the colleges are very gratifying," said Prof. Duggan. "A letter has come today from President W, A, Knight, of the University of the South, saying Campaign completed. Exceeded quota alloted us by over 35 per cent. Other institutions are reporting many small subscriptions. Davidson College sent word to me today that it had collected $131.19, a fine tribute for so small an institution. The President of the University of Minnesota writes that a dinner was held there at which $7,000 was raised for the Foundation."

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregork, Drops and Soothing Syrupe. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

Can this be Norma?

—With a donkey for a moving van?

—with fiery tongue and a six-shot gun to make the islanders work?

—with skimpy skirts and roguish eye?

—a girl with a mother's heart?

We'll Say It's Norma—a Wonderful, Tantalizing, Fascinating Norma You'll See Tomorrow and Saturday.

JOSEPH M. SCHENCK presents

Norma Talmadge

as the Daughter of the Tropics in

"LOVE'S REDEMPTION"

NORMA TALMADGE BEST PICTURE

Just as a pond lily grows in the darkest mud so a spotless, inspiring soul may often be found among the most depressing surroundings.

Jennie Dobson, nicknamed "Ginger,' was such a one, left to fight her own way among the planters, exiles and miscast soldiers of fortune in Jamaica. The odds were all against her; and still she not only kept her soul pure but managed to impart something of her loyal, fighting spirit to others.

"Ginger" is a real, living character from life—human in tragedy and triumph, impressive in sorrow and exultation and appealing in unswerving courage and unfailing faith.

Norma Talmadge is the "Ginger" of the pocture called "Love's Redemption." We can promise you it's the best story Miss Talmadge has had for some time. It's a real picture from opening thrill to the closing embrace—a finish, by the way, that you will find as surprising as it is pleasant.

Most of the scenes were actually filmed in the West Indies and the scenic beauties of the picture stand out conspicuously. It's real entertainment from every point of view. You'll enjoy it.
